

## Two Questions from the *Aging in Place Committee*

November 4, 2013

1. The list below lists the priorities that the *Aging in Place Committee* is discussing with the intent to develop recommendations that will be presented to the Town Council and Town Manager. Is there anything else that you think should be added to this list? If so, please add your suggestions.

- \*Being Able to Live in Your Own Home
- \*Public Transportation Access
- \*Availability of Senior Housing, and Assisted and Long-Term Care Housing
- \*Medical Assistance Availability
- \*Socialization, Recreation and Education Opportunities
- \*Food Security for those in need

2. The Aging in Place Committee has discussed and is considering recommending to the Town Council the establishment of a Community Center. This facility would be a centrally located multipurpose facility that can host recreational, educational, and social events. It would be the “hub” for public transportation.

How do you feel about this idea?

Yes, our community needs this type of facility

No, it would be costly

Not sure at this time, need for information.
